Administrators' Corner

Dr. P.M. Tatem, Principal

Dr. L. Ireland, Assistant Principal

Greetings CPES Parents/Guardians,

Once again we would like to thank our CPES families for the tremendous amount of support you provide to our scholars on a daily basis. As the weather changes PLEASE help your scholars by wearing a sweater or jacket to school daily. We also have a lost and found area which is located in the gymnasium. If your scholar has lost an item they may be able to locate it in the lost and found trunk. We also have a red pair of prescription glasses in the office. Please let us know if these belong to your child.

Coleman Place ES will be one the sites in which scholars can have the vaccine administered. Administration will be done through the Virginia Department of Health. We have a designated vaccination area within our school and all scholars will be treated with the care and concern that we always provide at CPES. Dose 1 is scheduled to be given November 15th -19th and Dose 2 is scheduled for December 6th -10th. Detailed information is forth coming.

Nov. 10 - Grade Reports Distributed

Nov. 11 - Veterans Day, NPS Closed
