

A Military Child Education Coalition Initiative

Purpose of ES2S Program

The elementary student to student (ES2S) program enables students to thrive and succeed in our education system by providing them the tools necessary to be successful in their academic program. The ES2S program brings military and civilian kids together to welcome new students, create a positive environment, support academic excellence, and ease transitions, as students pass in or out of our schools. 100% acceptance of all students is a hallmark of this program.

CLASSROOM BUDDIES

A student ambassador will be assigned to a new student that enrolls in their class. That buddy helps the new student for at least the first two weeks of school. The intent is to help the new student fit in and adjust to Calcott Elementary.
