

Quick Community Resource Guide

The Community Resource Guide was developed as a tool to provide various mental health, social and emotional, and community supports to students, families, teachers, staff and administrators. **Note:** This guide is not an endorsement of any specific agency or organization.

A very special thank you to the NPS School Social Workers for the initial compilation of the 2014 Community Resource Guide. An extended thank you to the members of the Proactive Student Supports Committee for the revision and updating of the material.
