

Quarter Notes

Hello, Academy Families!

This is our quarterly newsletter to keep you informed of school events that occur throughout the school year. In addition, each Sunday at 4:30 afternoon you will receive the "Sunday Message" with happenings for the upcoming week. We often posts dates and news you can use on our school webpage.

The 2019-2020 school year has begun and we are pleased with our new cohort of sixth grade leaders. This cohort was successful during sixth grade transition and adjusting well to middle school and a new learning environment. Our seventh and eighth grade leaders bound for another successful school year. The administration and teachers have high expectations for these student leaders as they lead with respect, responsibility, integrity, and service. Our schools' instructional focus is **Critical Thinking through Student Engagement**. All students will be encouraged to engage in their own learning via: collaboration, communication, creativity, critical thinking, and caring for others.
