

NORFOLK PUBLIC SCHOOLS

Career and Technical Education (CTE)

WORK-BASED LEARNING 2021

SUMMER CONNECTIONS PROGRAM

In collaboration with area businesses and organizations, NPS students (ages 16 and older) enrolled in select career and technical education programs will have the opportunity to participate in a Virtual/In-Person Summer Work-Based Learning (WBL) Experience.

Participants may take part in job shadowing opportunities, paid or unpaid internships, or summer employment. These experiences are aligned with the student's career interest and CTE pathway.

Student Benefits

- Introduction to various career options and pathways.
- Soft skills training for workplace readiness.
- The potential to earn and learn during the summer.
- Support from a WBL coach.

Employer Benefits

- Early exposure to the future workforce.
- Development of the local talent pipeline.
- Opportunity to address short/long term workforce demands.

Interested Students
