#WhereWhyMatters

OVERARCHING SCHOOL GOAL:

Improve all students' academic performance while integrating social-emotional learning into daily instruction while teaching 21st century skills that will prepare graduates for the workforce, military, or college.

INSTRUCTIONAL FOCUS:

Writing, Inquiry, Collaboration, Organization and Reading (WICOR)

Schoolwide Smart-e Goal:

By the 2021-2022, 100% of all students will show growth in WICOR in each academic area. 20% of identified tier 1 students will move from proficient to advance. 20% of identified tier 2 students will move to proficient and 20% of identified tier 3 students will move to tier 2. All other students will show growth of 10% towards proficiency. Growth will be monitored and measured using common formative assessments, district benchmarks, and end-of-course SOL assessments.
