Make Connections

PTA involvement helps you stay connected with school and allows you to gain a broader perspective of how you can play a supportive role. You also make connections with other parents, business partners, and agencies that share a common goal of student achievement. Working together helps build a stronger foundation for students to grow and thrive.

Volunteering with your PTA allows you to contribute your skills and knowledge for the benefit, of not only your child but for your school community. PTA can help you gain expertise as a leadership volunteer, build your resume, and make friends for life.
