

The Career Assessment Center at NTC

The **Career Assessment Center** (CAC) aids in the process of helping students, with and without disabilities, realize their unique possibilities for success in their post-secondary endeavors. The CAC provides a plethora of data-driven methods which allow students to hone skills, unearth potential, and build bridges to successful future opportunities. This resource is made available through individualized services such as:

All
Students

CTE Program Support

- Ensure equity and opportunity for special populations students in CTE programming
- Provide accommodation/modification interpretation and implementation support for students, instructors and learning support staff.

All
Students

Career Assessments

- Provide career readiness and preparedness inventories/assessments which provide student interests and aptitude data
 - Provide individualized interventions and strategy recommendations based on individualized student results
- Provide adequate and appropriate post-secondary recommendations based on individualized student results

Special
Populations

Comprehensive Evaluations *(for Students with Disabilities and Language Barriers)*

- Provide comprehensive career exploration using varied levels of evaluation
 - Level 1 - Screening
 - Level 2 - Exploratory (Clinical Evaluation)
 - Level 3 - Focused/Situational (Full Comprehensive Evaluation)
