This handbook supersedes all prior handbooks as to the subjects addressed herein. This handbook is not a contract of employment and does not confer contractual rights, either expressed or implied, upon any officer or employee, nor does it guarantee employment for any period of time. Educational Philosophy

Norfolk School Board is committed to providing equal opportunity for every student to achieve maximum intellectual, social, emotional, and physical growth and to ensuring that each student be equipped to communicate effectively with other people, to be competent both in the work place and in higher education and to feel confident of the ability to make creative and constructive decisions in his/her life.

Norfolk School Board:

- provides the necessary trained and dedicated leadership, qualified personnel, equipment and materials to assure an appropriate education for every student;
- treats all members of the school community equitably with the highest degree of respect;
- allocates and uses assets fairly and efficiently.

School Division Goals and Objectives

The school division is committed to excellence in education, equality of educational opportunity, and the recognition of each student's individuality. Inasmuch as students differ in their rate of physical, mental, emotional and social growth and vary in their needs and abilities, learning opportunities are provided that are consistent with personal development and potential. Programs emphasize diagnostic and prescriptive instruction, allowing an individual approach to each student's learning style and educational needs.

The educational program introduces each student to a variety of interest and subject areas that offer exposure to the range of opportunities available in later years. These experiences produce the basis for further education and future employment. As students demonstrate increased maturity, they may assume more responsibility for the decisions regarding their education.

The school environment should be responsive and conducive to learning. The physical environment facilitates and enhances the learning experiences available to each student. A responsive environment includes competent, dedicated teachers using a variety of techniques and a classroom atmosphere where students can function and develop according to their abilities. Safety, physical comfort, and appearance also are vital environmental components.

Standards of Quality and Objectives

The school board accepts the overall goals of public education as expressed by the Standards of Quality legislated by the Virginia General Assembly and implemented by State Board of Education regulations.

The school board reports its compliance with the Standards of Quality to the Board of Education annually. The report of compliance is submitted to the Board of Education by the chairman of the board and the superintendent.

Standards of Quality – Programs and Services

The school board commits itself to providing programs and services as stated in the Standards of Quality to the extent funding thereof is provided by the General Assembly.

Comprehensive Plan

The Norfolk School Board adopts a division wide comprehensive, unified, long-range plan based on data collection, an analysis of the data, and how the data will be utilized to improve classroom instruction and student achievement. The plan is developed with staff and community involvement and includes, or is consistent with, all other division wide plans required by state and federal laws and regulations. The school board reviews the plan biennially and adopts any necessary revisions. Prior to the adoption of the plan or revisions thereto, the school board posts the plan or revisions on the division's Internet website if practicable and makes a hard copy of the plan or revisions available for public inspection and copying and conducts at least one public hearing to solicit public comment on the plan or revisions.

The division wide comprehensive plan includes:

- I. the objectives of the school division, including strategies for first improving student achievement, particularly the achievement of educationally at risk students, then maintaining high levels of student achievement;
- II. an assessment of the extent to which these objectives are being achieved;
- III. a forecast of enrollment changes;
- IV. a plan for projecting and managing enrollment changes including consideration of the consolidation of schools to provide for a more comprehensive and effective delivery of instructional services to students and economies in school operations;
- V. an evaluation of the appropriateness of establishing regional programs and services in cooperation with neighboring school divisions;
- VI. a plan for implementing such regional programs and services when appropriate;
- VII. a technology plan designed to integrate educational technology into the instructional programs of the school division, including the division's career and technical education programs, consistent with or as part of the comprehensive technology plan for Virginia adopted by the Board of Education;
- VIII. an assessment of the needs of the school division and evidence of community participation, including parental participation, in the development of the plan;
- IX. any corrective action plan required pursuant to Va. Code § 22.1-253.13:3; and
- X. a plan for parent and family involvement to include building successful school and parent partnerships that will be developed with staff and community involvement, including participation by parents.

The school board presents a report to the public by November 1 of each odd-numbered year on the extent to which the objectives of the division wide comprehensive plan have been met during the previous two school years.

Each school prepares a comprehensive, unified, long-range plan, which the school board considers in the development of the division wide comprehensive plan.

Employment

Staff Hiring Procedures

The Norfolk Public Schools system is an Equal Opportunity Employer. Every effort is made by the Department of Human Resources to attract qualified applicants for vacancies with the objective of employing personnel with the highest qualifications.

Selection

The School Board of the City of Norfolk specifically prohibits discrimination against any individual for reasons of sex, sexual orientation, gender, gender identity, gender expression race, color, national origin, disability, religion, ancestry, age, marital status, pregnancy, childbirth or related medical conditions, disability, status as a veteran, genetic information, or any characteristic protected by law. Accordingly, equal opportunity for employment in all positions will be extended to all qualified persons, and the school system will promote equal opportunity through positive and continuing actions.

Americans with Disabilities Act

Norfolk Public Schools, in accordance with Title I of the Americans with Disabilities Act of 1990 (ADA Amendments Act of 2009), does not discriminate against qualified individuals with disabilities in any aspect of employment and makes reasonable accommodations to the known disabilities of qualified applications or existing employees where it can do so without undue hardship.

Any employee who wishes to be considered as an applicant for any position will submit an application in accordance with the posting.

Probationary Status

The purpose of probationary status is to observe and evaluate newly appointed employees and to encourage their successful adjustment to the job.

Probationary Period for Teachers

A probationary term of service of at least three years in Norfolk Public Schools is required before a teacher is issued a continuing contract. Newly hired teachers who have achieved continuing contract status in another Virginia school division are required to complete one year in probationary status. Probationary Period for Classified Employees

All support staff newly hired, rehired after termination of their seniority, transferred to another position because of disciplinary or performance reasons, or promoted to a new position are considered probationary employees until the completion of 15 contracted weeks. An extension of the probationary period must be approved by the Chief Human Resources Officer or designee.

Classified employees are subject to termination at any time during the probationary period when their job performance does not merit continuation. The termination of any probationary employee during this period is not subject to review procedures.

Employees who do not intend to continue their employment with the school division must submit written notice via the Norfolk Public Schools Resignation/Extended Leave of Absence Form A-30 at least two weeks in advance of the intended date of resignation. In the event that the Board or Superintendent declines to grant the request for release on the grounds of insufficient or unjustifiable cause, and the teacher breaches such contract, disciplinary action, which may include a written reprimand, suspension, or revocation of the teacher's license, may be taken pursuant to regulations prescribed by the Board of Education (VA Code Section 22.1-304).

Employees resigning for any reason will be removed from payroll as of the last day of service.

Retirement

Full-time, permanent employees must participate in the Virginia Retirement System (VRS). VRS requires five (5) years participation to be eligible to receive retirement pay when due. Resignations

Employees who do not intend to work the following school session should submit written notice by June

15.

Questions concerning retirement should be directed to the Department of Human Resources (757-628-3905). See *Appendix D: VRS* for additional information.

Personnel Records

Present and past employees will have access to their personnel files and records.

If information relative to employment is requested by banks or other establishments or individuals, written permission from the employee to release such information is required, except to comply with a judicial order, a lawfully issued subpoena, the Virginia Freedom of Information Act (Va. Code § 2.2-2700 et seq.), or other law or court order. The employee will be notified of the request for records.

Teacher performance indicators, or other data used to judge the performance or quality of a teacher, maintained in a teacher's personnel file or otherwise is confidential but may be disclosed (i) pursuant to court order, (ii) for the purposes of a grievance proceeding involving the teacher, or (iii) as otherwise required by state or federal law. Nothing prohibits the release of or limits the availability of non-identifying, aggregate teacher performance indicators or other data.

Personnel Records, Formal Complaints

When formal complaints are to become part of an employee's personnel file, the employee will be notified of the complaint when it is placed in the file.

Information determined to be unfounded after reasonable administrative review will not be maintained in an employee personnel file but may be retained in a separate, sealed file by the administration if such information alleges civil or criminal offenses.

Transfers Requested by the Employee

An employee may request a transfer to a particular school site and/or grade level/content area. A request will be made via the electronic "Request for Voluntary Transfer Application" and submitted to the Department of Human Resources by the annual deadline.

A transfer list will be developed and sent to all building/department administrators by the annual deadline, and the administrators will review the list to determine if they are interested in interviewing any of the available voluntary transfer candidates. Administrators will interview candidates and make recommendations to the appropriate Human Resources Generalist by the annual deadline.

Administrative Transfers Initiated by the Superintendent

In situations where the best interests of the school system and/or the employee are involved, the Department of Human Resources may execute administrative transfers subject to the approval of the Superintendent. Administrative transfers will have precedence over all other transfers.

Assignments: Supervisory Relationships

No family member of any employee may be employed by the School Board if the family member is to be employed in a direct supervisory and/or administrative relationship either supervisory or subordinate to the employee. The employment and assignment of family members in the same organizational unit will be discouraged.

Family members are defined as father, mother, brother, sister, spouse, son, daughter, son-in-law, daughter-in-law, sister-in-law or brother-in-law.

Resolving Complaints

In the event that an employee needs assistance or needs to resolve a complaint, he or she should first consult his or her direct supervisor. Depending on his or her position, this may be his or her building principal or department director. In the case of school-based staff, complaints that cannot be resolved by the principal should next be directed to the appropriate Executive Director of Schools. On rare occasions, matters may be handled by the Chief Human Resources Officer or the Superintendent, with a final appeal considered by the School Board.

In addition, all employees will contribute to the Social Security System (FICA Tax).

No deductions will be made from an employee's check except these deductions:

- Required by federal or state law, or by court order, decree, or legal process.
- For programs of general interest made available to all school employees and approved by the School Board.
- For any education-related membership organization; however, employees shall be allowed only one payroll deduction for organizations under this paragraph. Direct Deposit

Direct deposit of net pay is mandatory as a condition of employment with Norfolk Public Schools (NPS). NPS offers a pay card for individuals who cannot obtain a traditional bank account.

Payroll Questions

Questions regarding pay should be directed to the Payroll Office at 757-628-3853.

Direct Deposit

Direct deposit is mandatory for employees.

Holidays (Non-Exempt Employees)

Non-exempt employees who work, as directed by their supervisor, during any national or state holiday observed by the school administration will receive two times their regular rate of pay for each hour worked (unless exempt under the Fair Labor Standards Act). This does not include work time for regularly scheduled boiler and/or building checks on holidays. Makeup days falling on national or state holidays are considered regular workdays and overtime pay is not given.

Call Back Pay (Non-Exempt Employees)

In the event a non-exempt employee is recalled to a work location because of an emergency (not caused by that person) at a time when he or she is not regularly assigned to duty, the employee will be paid at a rate which is one and one-half (1.5) times the regular rate of pay for a minimum of two (2) hours or for the total time on duty at the work location, whichever is greater.

Overtime Pay for Classified Employees

One and one-half (1.5) times an employee's regular rate will be paid for authorized overtime hours worked in excess of forty (40) hours within the work week. Employees governed by the Fair Labor Standards Act (FLSA) who are called back to work during a national or state holiday observed by the school administration will receive two (2) times their regular rate of pay for each hour worked.

Compensation for Overtime

Norfolk Public Schools makes every effort to ensure that all of its employees are paid correctly and in accordance with law for all hours worked and that no improper deductions are made from their pay. However, inadvertent mistakes may occasionally occur. Employees should always review their pay advices and/or checks when they receive them to make sure that they accurately reflect their earnings. Norfolk Public Schools will promptly make any necessary corrections when a mistake is discovered. Employees should follow the following complaint procedures in order to correct mistakes in their pay.

Complaint Mechanism

If an employee believes that his or her pay does not accurately reflect the hours he or she worked, does not credit the employee overtime to which he or she is entitled, and/or if he or she believes that his or her pay was subject to an improper deduction, the employee

should immediately report the matter to his or her assigned payroll clerk or to his or her supervisor if his or her payroll clerk is not available.

If either are unavailable or if the employee believes it would be inappropriate to contact either of them, then the employee should immediately contact an administrator within his or her department above the level of his or her supervisor.

If the employee is unsure of whom to contact or if he or she has not received satisfactory response within five (5) business days after reporting the matter, he or she should contact the Department of Human Resources.

Norfolk Public Schools will fully investigate every complaint filed pursuant to this policy and will take prompt corrective action when appropriate so as to both reimburse the employee and ensure future compliance with the FLSA. In addition, Norfolk Public Schools will not allow any form of retaliation against employees who report alleged violations of this policy or cooperate in the Norfolk Public Schools investigation of such reports. Any form of retaliation or other willful violation of this policy by employees will result in disciplinary action up to and including dismissal.

See Appendix B.

Credit for Teaching Experience

Teachers entering the Norfolk Public Schools no later than January 31st of the given year will be credited with one (1) year of teaching experience and consequently placed on the next step of the appropriate salary scale for the next school year, if a step increase is approved by the School Board for the following year.

Salary Adjustments

Employees New to School System

Any person new to Norfolk Public Schools will be placed on the beginning step of the applicable operation of the salary scale unless an evaluation of prior service and/or the school system's needs warrant an adjustment.

Promotion of Employees

When an employee is promoted, based on Superintendent's approval, the new salary will compute to at least a 10% increase. If the employee is eligible for a service increment, it will be awarded before promotion.

Payroll Complaint

If an employee is unsure whom to contact regarding a payroll complaint, he or she should contact the Department of Human Resources.

Teacher Earning an Advanced Degree

Any salary increases during the term of a contract for additional educational achievements (such as master's degree or higher) after the execution of a contract will not be effective until approved by the School Board. Such mid-term salary increases will not be approved if the employee has requested to be released from the contract until the School Board makes a decision on that request. If the School Board denies the release and the employee departs anyway or is otherwise in breach of contract, no such salary increase will be granted.

Master's Degree, Master's Degree Plus 30 Hours, and Doctoral Degree

For salary credit, Norfolk Public Schools recognizes master's degrees and Doctoral degrees in the field of education or fields directly related to the teaching assignment. Salary credit for master's plus 30 is awarded for 30 hours of graduate course work when it is separate and not a part of the Master's Degree program. The graduate course work should be in the teacher's teaching area, in education, or toward a new licensure endorsement. A teacher who earns an advanced degree will be placed on the appropriate grade once acceptable documentation is received by the Department of Human Resources, and the salary increase will not be effective until approved by the School Board.

Reimbursement for Tuition Assistance

Licensed/certified personnel will be reimbursed for full cost of up to three (3) approved graduate credit hours per school year in their general subject area or to improve their instructional skills. Reimbursement for tuition costs at an institution other than Norfolk State University (NSU) or Old Dominion University (ODU) will be paid at the actual cost of the credit hours or at the NSU or ODU rates, whichever is lower. Teachers seeking to take advantage of this benefit will be required to apply for and receive approval prior to the first day of class. The amount allowed for tuition assistance may also be applied toward the cost of National Board Certification. Funding for reimbursement of tuition assistance will be provided as allowed by the annual approval of the School Board's budget. Applications are available on the Norfolk Public Schools Human Resources website.

Teachers will be given 60 days from the end of the class to submit all documentation for reimbursement. The exception should be at the end of the fiscal year where documentation must be submitted three (3) days prior to the end of the school year (June 30).

Classified personnel may be reimbursed for the cost of tuition for a total of three (3) semester hours per school year at an amount not to exceed the prevailing rates at Old Dominion and Norfolk State Universities for courses in the employee's general field or to improve job skills. The employee must have been employed for two (2) full contract years to qualify for reimbursement for a course taken at a two-year institution and four (4) full contract years to qualify for reimbursement for a course taken at a four-year institution. Applications are available on the Norfolk Public Schools Human Resources website.

For all employees, all course and/or test dates for the reimbursement being sought *must* be within the employee's dates of employment.

Part-Time Contracted Teachers

Non-probationary status employees who are recommended on an annual basis for part-time contracted employment by their principal or central office administrator must: work 50% of each contract day; participate in all building/department professional activities as if full-time; have prorated sick and personal leave; and are eligible for health insurance at a prorated cost to the employee. However, these employees do not qualify for retirement or life insurance benefits.

Part-time contracted teachers who work fifty percent (50%) or more of the established work schedule will advance on the salary scale at the rate of one step for two part-time years of employment based upon annual budget approval.

Sick Leave Bank

Norfolk Public Schools maintains a sick leave bank to be used by eligible VRS 1 and 2 and Hybrid Year 1 employees (entitled to sick leave benefits) who are incapacitated by long-term personal illness or injury. The following criteria must be met:

- Membership in the sick leave bank will be open to all eligible employees and will be voluntary. To enroll in the sick leave bank, an employee must donate one day of sick leave earned during the current school year.
- An employee may enroll within 30 calendar days of the beginning date of employment. An employee who does not enroll when first eligible may do so between any subsequent September 1 to October 15 period by making application and providing satisfactory evidence of good health to the Superintendent or designee.
- A member of the sick leave bank may draw days after being without leave for 30 consecutive calendar days or 20 duty days in a 35 calendar day period. An exception may be noted if the 30 days are not consecutive but occur within 45 days for the same illness or disability. All leave credited to the employee must be exhausted prior to going on leave without pay.

-
- Days drawn from the bank for any one period of eligibility must be consecutive or drawn for absences resulting from the same illness or disability. Otherwise, members must return to work and re-establish eligibility to draw from the bank.
 - A maximum of 45 days each school year may be drawn by any one member of the sick leave bank without regard to the number of instances or eligibility. Sick leave bank benefits are available through the last duty day of the contract year.
 - Members using sick leave days drawn from the bank will not have to replace these days except as a regular contributing member of the bank.
 - Upon termination of employment or withdrawal of membership from the bank, a participating member will not be permitted to withdraw his or her contributed days. Employees terminated at the end of the current school year because of lack of funds only to be rehired before the beginning of the new school year do not have to apply for reinstatement. Employees who are on a leave of absence because of personal illness or for professional improvement are to be treated as a current employee and not have to rejoin the sick leave bank upon return unless he or she resigns.
 - Verification of disability, including the nature of the disability or illness and the expected date of return, will be required before withdrawals from the sick leave bank are permitted.
 - Withdrawals from the sick leave bank may not be used for disability which may qualify the member for worker's compensation unless the member has exhausted all worker's compensation leave and/or insurance benefits. Pending cases will not be paid until resolved. Disallowances of claims will trigger retroactively to the eligibility period.
 - The provisions of the sick leave bank will be administered by the Superintendent or the Superintendent's designee. Appeals by the sick leave bank members may be made to the Superintendent of Schools.
 - The maximum paid benefits under this plan will not exceed an amount set by the administration for each school year.

Hybrid employees (Year 2 and beyond) are covered by the VRS Virginia Local Disability Program (VLDP) that provides income protection for Hybrid employees who are unable to work. Coverage becomes effective once the employee has completed one full year of active employment. To provide income protection to Hybrid employees who are not yet covered by VLDP, Hybrid employees are permitted to join Norfolk Public Schools' Sick Leave Bank within 30 (thirty) days of hire. To join, the employee must donate one non-refundable day of sick leave. Upon enrollment and during the first full year of employment, full sick leave bank benefits will be made available to Hybrid employees. After the first full year of active employment, Hybrid employees will no longer be members of the NPS Sick Leave Bank and will instead be covered by VLDP. Detailed information regarding this program can be found in the VLDP Handbook for Employees, located on the Virginia Retirement System website under publications for Hybrid employees.

Sick Leave Donation

Eligible employees are able to donate and receive sick leave in accordance with the Sick Leave Donation rules (see Appendix G).

Travel

Persons required by principals or directors to use a personal automobile in the performance of their duties, including travel between job locations during the workday, will be reimbursed at the regular rate per mile established by the School Board. At no time will reimbursement be authorized for travel between an individual's home and place of work.

School buses and other school vehicles may be used whenever practical for ground transportation of groups or materials subject to mileage limitations, time restrictions, and other conditions as stipulated by the Director of Transportation or the director responsible for the school vehicles. In such instances, travelers will be reimbursed for normal expenses, as well as emergency repairs and towing for which receipts are submitted.

Uniforms (Support Staff)

When authorized by the immediate supervisor, replacement of torn or worn-out uniforms may be provided for those support staff who are required to wear uniforms, except that no more than five (5) uniforms will be replaced within a twelve (12) month period.

Flexible Spending Accounts

Payroll deductions may be authorized within Internal Revenue Service limits for childcare and healthcare expenses. New employees have a 30-day open enrollment period to sign up for the plan.

Long Term Disability and Critical Illness

Long Term Disability provides income protection to individuals who are out of work due to personal illness for more than 90 days.

Critical illness coverage provides a lump sum benefit for individuals diagnosed with certain covered conditions.

General Leave

Definition

Leave is defined as an authorized absence from work for a specific period of time which is less than the remainder of the school fiscal year (July 1 - June 30). Leaves may be either with or without pay. See policies and regulations as stipulated below for a discussion of the types of leave available to NPS employees. Employees who use all of their accumulated leave balance will be inactivated on the payroll as of the last day of available leave.

Reasons for Leaves of Absence

Each leave of absence must be recommended by the building principal or department head, appropriate Executive Director, and/or Superintendent using Norfolk Public Schools Resignation/Extended Leave of Absence Form A-30. Such requests must be accompanied by supporting documentation. Leaves of absence without pay for a period not to exceed one school year may be granted to personnel for reasons such as illness, illness in the family, parenthood, professional improvement, quarantine, religious holidays, personal business, and death in the family. A military leave of absence without pay will be granted to any full-time, permanent employee as established by law.

Extension of Leave of Absence

Should an extension of the leave of absence be required, the request should be submitted at least fourteen (14) calendar days before the expiration of the original leave. A leave of absence expires automatically unless a request for an extension has been received and approved prior to the expiration date.

Abuse of Leave

If at any time a principal or director feels sick leave or personal/emergency leave is being abused, the matter should be immediately investigated. Investigative measures may include, but are not limited to, the following:

- Telephone call to the home;
- Visits to the home by the principal or the principal's designee; and/or
- Verification of illness from a licensed physician on a more frequent basis as required by the Family Medical Leave Act (FMLA).

Request for Leave

Leave may be taken in multiples of one-half (0.5) hour/30 minute increments. However, personnel requiring substitutes will not be allowed to take leave for less than one half-day unless their assigned responsibilities can be covered internally. Substitutes will not be employed for less than one half-day. A fraction of an hour will be accepted only when it is for a full day's leave or one half-day's leave. The schedule that may be used when requesting leave for one half-day is as follows:

Work Hours	Half Day	Work Hours	Half Day
8.00 Hours	4.00 Hours	6.00 Hours	3.00 Hours
7.50 Hours	3.75 Hours	6.33 Hours	3.17 Hours
7.33 Hours	3.67 Hours	5.50 Hours	2.75 Hours
7.00 Hours	3.50 Hours	5.00 Hours	2.50 Hours
6.50 Hours	3.25 hours	3.00 Hours	1.50 Hours
6.33 Hours	3.17 Hours		

A request for leave should be submitted at least seven (7) days in advance, if possible. This is not always feasible in some cases of personal leave, family illness, or death in family. However, the leave request form should be submitted immediately upon returning to work. It is the employee's responsibility to be certain that a leave request form is completed to cover any absence. It is the responsibility of the person preparing the payroll report submitted at the end of each pay period to be certain all leave is reported and that the leave reported is correctly identified with the proper event code. If this is not completed, it can result in a full deduction of leave without pay to the employee.

The employee MUST furnish all information requested on the Request for Leave Authorization Form A-35, to include the following: the month day, year, and number of hours requested for leave; the employee's full name (printed); the employee's identification number; and the school or department. Any form that is not complete will be returned to the employee.

Change or Cancellation of Leave

When an employee finds that leave for which he or she has applied has to be changed or canceled, the employee should notify the person in his or her respective school or department who is responsible for preparing the payroll report of the change. Leave changes must be made in writing (Form A-36), signed by the administrator, and forwarded to the Payroll Office.

Personal Leave

Full-time employees who are not eligible for annual leave will be entitled to personal leave of up to three (3) days per year, which is allocated as follows:

- those who begin work no later than November 30 – 3 days;
- those who begin work after November 30 but no later than February 28 – 2 days; and
- those who begin work after February 28 – 1 day.

Personal leave accounting information will be shown in hours on the employee's electronic pay stub. It is suggested that each employee keeps a personal record of leave to use to verify

that the leave balances are correct. Leave balances are located on the employee's electronic pay stub. In addition, leave balances and usage information can be found via Employee Self-Service under Time Off. Questions concerning incorrect leave balances should be reported each pay day to the office manager or the Payroll Office at (757) 628-3853.

Personal Leave Conversion

If an employee is absent fewer than the total number of days of personal leave allowed during the year, the unused allowance will be converted to sick leave. Alternatively, each June, the employee may choose to convert the unused allotment of personal leave to additional personal leave at the rate of one (1) additional day of personal leave for each two (2) unused personal days. The maximum converted accumulation will not exceed three (3) days. The employee must submit a request in writing by no later than June 15 via the Personal Leave Conversion Request Form. At no time will an employee's personal leave exceed six (6) days, including converted days. The form can be found on the NPS Human Resources website at www.npsk12.com/hr.

Professional Leave

A professional leave request should be accompanied by documentation of the place and purpose of the meeting in the form of a registration form, agenda, announcement, or other appropriate documentation. The request should be submitted to the employee's direct supervisor for approval or disapproval. If approved, the payroll clerk for the department or school will process the request through the Payroll Office.

Employee-requested professional leave is provided to enable employees to pursue professional growth experiences that they identify as being pertinent to job related requirements. It may be either with or without pay, as determined by the degree to which the intended activity is job related. Approval of this type of leave will be subject to the following considerations:

- availability of a suitable substitute, if applicable;
- impact of the employee's absence on the program;
- potential contribution (professional, fiscal, etc.) to the school division;
- depth of individual participation (program participant or observer);
- frequency of requests of employees at the work site; and
- frequency of requests from requestor.

Excessive Absence/Tardiness

Excessive absence and/or tardiness can result in disciplinary action up to and including recommendation for dismissal.

Unscheduled Leave

Unscheduled leave is defined as an absence for which approval was not granted at least 48 hours prior to the work day(s) missed. Supervisors are to use discretion when an unscheduled absence is a result of an emergency or a situation outside of the employee's control, requiring use of sick or personal leave.

Employees who are either excessively tardy or absent or who can be shown to have abused authorized leave will be subject to disciplinary action, up to and including a recommendation for dismissal. Excessive absenteeism is defined as unscheduled leave in excess of 4% per semester or work year of an employee's regularly scheduled work time. Excessive tardiness is defined as more than two (2) incidents of tardiness in a work month.

Leave Without Pay

A request for Leave Without Pay should be accompanied by information to justify the need to be absent from assigned duties during the school day.

Leave for Religious Holidays and Religious Accommodations

Norfolk Public Schools grants employee requests for reasonable accommodations for their religious practices when it can be done without undue hardship.

A request for leave for a religious holiday or religious accommodations should state the holiday to be observed. An employee may be granted leave for bona fide religious holidays. This leave will be granted by the principal/supervisor and may not exceed three days per year. The employee must request the leave in writing at least two days before the date on which it is needed.

The employee may choose to have these absences charged against his or her accumulated sick leave balance or as an alternative, may choose to have two of the three days processed as make-up duty as follows:

1. Make-up duty will be performed at the school or other work location during hours when the building is normally open. Such duty may NOT be served at home.
2. The amount of time taken for religious leave will be made up by working a minimum of an additional one-half hour per day.
3. The make-up schedule will be completed within forty-five (45) work days after the leave or by the end of the school year if fewer than forty-five (45) work days remain. When the hours are made up, a memorandum record will be completed by the principal/supervisor, signed by the employee and filed for reference.

Leave for Jury Duty/Subpoenaed as a Witness

A request for Leave for Jury Duty/Subpoenaed as a Witness must be accompanied by a copy of the jury duty notice or subpoena.

Employees will be entitled to leave with pay for periods during normal working hours and on a scheduled work day when they are required to render jury service. Any payment received from the courts may be retained by the employee.

Leave with pay will be granted if a school employee is subpoenaed as a witness in any court or other proceedings before an agency empowered to issue subpoena, except as a defendant in a court case. The employee should notify his or her supervisor and provide a copy of the summons with the request for leave.

Liberal Leave

There are occasions when Norfolk Public Schools is open but because of extenuating circumstances groups of employees are not able to report. Normally, these circumstances are related to weather. Past events have included post-hurricane conditions and flooding situations. In each of these situations, some employees have been able to report, many on time. However, other employees were not able to report to work because of where they live or their mode of transportation.

It is not the intent of the administration to penalize anyone on these occasions. However, there is a need to recognize those individuals who worked. For this reason, the administration has adopted a practice of "liberal leave." Liberal leave, once declared by the Superintendent or appointed designee, will allow employees who did not report to use whatever leave they have available to offset their absences. In part, the rationale is that most employees have an abundance of sick leave. While weather-related occasions are not sick leave, this policy allows for that use. Other employees may want to apply their personal leave to the absence. Using the plan, the administration recognizes those individuals who were able to report and creates some flexibility for those individuals who were not able to report.

Family and Medical Leave Act (FMLA)

In accordance with the Family and Medical Leave Act, any person who has been employed with the Norfolk Public Schools for a minimum of twelve (12) months and has worked a minimum of 1,250 hours during the previous twelve (12) months is eligible for a maximum of twelve (12) weeks of **unpaid leave** during any twelve (12) month period for the following reasons: the birth and care of a child; the adoption of a child or placement of a foster child; the care of a spouse, son, daughter, or parent who has a serious medical condition; or the employee's own serious health condition. **See Appendix E for guidelines for Military Families and Veterans.**

Additionally, Norfolk Public Schools will consider "contracted employees" (such as transportation, food services, etc.) as covered under FMLA.

Any employee who anticipates requiring this leave should contact his or her Human Resources Generalist to discuss the process. FMLA forms can be found on the NPS Human Resources website at www.npsk12.com/hr.

Family Medical Leave Guidelines

1. After an employee has missed three consecutive days for medical reasons, medical documentation can be required and FMLA paperwork should be initiated. The employee must obtain paperwork from his or her office manager for processing requests under the Family Medical Leave Act (FMLA). Paperwork must be completed prior to an employee going out on leave when advance notice of the situation is possible.
2. If an employee goes out on emergency leave without completing the paperwork, the administrator must submit a signed statement to the Department of Human Resources verifying the leave. This signed statement does not take the place of the completed FMLA paperwork. It provides a short-term verification until formal paperwork is completed and received by the Department of Human Resources.
3. The building Principal/Director/Office Manager submits the Family Medical Leave (FMLA) paperwork to the Department of Human Resources.
4. If the FMLA forms are incomplete, the administrator is contacted immediately by the Department of Human Resources, and the forms are returned to the building. Forms must be completed and returned immediately.
5. A Human Resources Generalist or the Chief Human Resources Officer signs the approval of the leave based on the appropriate medical documentation.
6. A letter is sent to the employee and to payroll confirming the date the condition started, return date, and information on the continuation of benefits while on leave.

*Note*

Paid leave and
unpaid leave run
concurrently.

7. If no return date is listed, after the expiration of 12 weeks, the Department of Human Resources representative notifies the employee of his or her leave options.
8. Those employees on an approved leave of absence under FMLA will receive the School Board's health insurance contribution not to exceed twelve (12) weeks per year. Optional life and hospitalization insurance may be maintained during parental or medical leave for any additional time beyond twelve (12) weeks per year if the full premium for coverage is paid to the division by the employee.
9. If an employee extends his or her FMLA beyond the medical coverage, with the 12 weeks of FMLA coverage and with remaining sick leave on record, he or she must be notified in writing by the Department of Human Resources that he or she is on leave without pay. Sick leave pay under FMLA can only be used if there is medical documentation to support the condition.
10. During a period of FMLA leave, and until such time that the employee is returned to full duty by his or her healthcare provider, the employee is not permitted to work in any capacity for Norfolk Public Schools. This includes any part-time, coaching, etc. duties for which the employee would receive compensation from Norfolk Public Schools.
11. The building Principal/Director/Office Manager must notify the Department of Human Resources via e-mail the day the employee returns to work. Failure to notify the Department of Human Resources could affect an employee's pay.

FMLA Event	FMLA Allows	NPS Paid Leave
Illness of an employee's spouse, parent, or child	12 weeks unpaid	(Family Illness) One day per month for every month of the employee contract (i.e. 10 days per year for most teachers). The Superintendent or designee may approve an additional 20 days for critical illness of a spouse, parent, or child.
Employee's own illness	12 weeks unpaid	(Personal Illness) Time actually spent under medical supervision
Birth or Adoption	12 weeks unpaid OR A combined total of 12 weeks leave for mother and father, if both are employees	(Birth/Adoption) Up to 12 weeks of paid and/or unpaid leave. The portion of leave that may be paid is based upon the availability of the employee's accumulated leave.

Basic Leave Entitlement

FMLA requires covered employers to provide up to 12 weeks of unpaid, job-protected leave to eligible employees for the following reasons:

- For incapacity due to pregnancy, prenatal medical care, or child birth;
- To care for the employee's child after birth, or placement for adoption or foster care;
- The care for the employee's spouse, child, or parent who has a serious health condition; or
- For a serious health condition that makes the employee unable to perform the employee's job.

Health and Hospitalization While on Leave

The School Board will make available, upon request, the continuation of health and hospitalization insurance benefits to those persons on approved leave of absence with the understanding that persons on an approved, unsalaried leave of absence must pay the full premium.

Quarantine

An employee absent by reason of quarantine will be paid full salary for such period provided the quarantine was incurred as a result of his or her employment in his or her regular position. This allowance will not be charged to the accumulated leave for personal disability.

Approved Leave Without Pay

Upon approval of the Superintendent, an extended Leave of Absence Without Pay for one year may be granted to a teacher for personal injury or illness, illness in the family, parenthood, further study, or approved travel. A request for a leave of absence without pay must be filed with the Department of Human Resources by no later than June 15 preceding the school year for which the request is made.

Employment After Leave

An employee returning from an extended leave of absence will not be guaranteed his or her former assignment but will be placed in a position for which he or she is certified and qualified when such a vacancy exists. It is anticipated that an employee would return from leave at the beginning of a semester; however, if a suitable vacancy arises at some other time during the year, he or she may be assigned to that vacancy.

Transfer of Sick Leave

New employees who were previously employed by another Virginia school system, educational agency, or educational institution may transfer up to one hundred (100) days of accumulated sick leave provided they have not been separated from the previous school system, educational agency, or educational institution for more than five (5) years. The employees are responsible for having their previous employers provide the Department of Human Resources with written verification of their accumulated sick leave via the Sick Leave Transfer Request Form.

Maternity/Paternity Leave

An eligible employee is entitled to up to twelve (12) week of paid and/or unpaid leave. The portion of leave, if any, that may be paid is based upon the availability of the employee's accumulated leave. Parents who are both employed by the School Board may only take a combined total of twelve (12) weeks of leave during the school year for the birth or adoption of a child. The appropriate form along with physician certification are to be forwarded to the Department of Human Resources.

Leave for Coursework

With the recommendation of the appropriate supervisor or executive director and final approval of the appropriate division leader, 11- and 12-month non-teaching personnel who desire to leave work early during the day to take coursework at local colleges and universities must use prorated annual leave time or work on an alternative work schedule.

Returning Personnel

An employee who has been separated from Norfolk Public Schools for a period of five (5) or more years will not be credited with prior years' service for leave purposes.

Family Illness

Sick leave/family illness is limited to spouse, child, parent, grandparent, brother, sister, grandchild, mother-in-law, or father-in-law, unless an atypical family relationship is involved. If this is the case, it should be explained on the leave form. Sick leave/family illness is deducted from the sick leave accumulation of the employee.

An employee who is absent because of the disability of a member of his or her immediate family will be allowed full pay for such absence providing that the total number of days for such absences for each year does not exceed the number of months contracted for the year (i.e. 10 month contract = 10 days; 12 month contract = 12 days). If an employee's request for sick leave/family illness exceeds the number of days of sick leave the employee has accumulated, such leave will be without pay.

An extension of sick leave/family illness leave for up to an additional 20 days may be requested for a critically ill immediate family member by submitting a written request to the Superintendent or designee, including a copy of the FMLA documentation along with a physician's statement. These additional days will be deducted from the employee's personal sick leave accumulation. If an employee has exhausted all his or her sick leave, then it will be without pay.

Death in Family

An employee who is absent because of the death of a member of his or her immediate family (includes spouse, child, parent, adoptive parent, foster parent, grandparent, brother, sister, grandchild, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law) will be allowed leave with pay, taken at the time of death, not to exceed three (3) days. Death in family leave will be extended to allow an employee to escort a minor child to the funeral services for an ex-spouse who is the child's parent. An additional two (2) days will be allowed for death involving an employee's parent, adoptive parent, spouse, or child. This leave will not be approved to extend over a school holiday (i.e. winter or spring holidays). An atypical family relationship should be explained on the leave form and will be handled on an individual basis by the principal and Chief Human Resources Officer.

Political Leave

At the discretion of the Superintendent, a leave of absence without pay for the purpose of campaigning for public office may be granted for a period not to exceed thirty (30) days in any three-year period. At the discretion of the Superintendent, employees signifying their intent to campaign for public office may be required to take such leave.

Employees elected or appointed to a political or governmental office may be granted a leave of absence without pay for the purpose of holding such office for a period not less than one (1) year (or duration of the school year in which the employee is elected or appointed to office) or more than four (4) years.

Death in Family

An employee who is absent due to the death of an immediate family member receives full pay for up to three (3) days for each death. An additional two (2) days may be granted for a death involving a parent, adoptive parent, spouse, or child.

Staff Participation in Political Activities

The School Board of the City of Norfolk recognizes the right of its employees to engage in political activity. Employees may solicit support for political candidates or political issues outside regular work hours and off school property. School employees engaging in political activity must not imply that their views and actions represent the views of the school division.

Military Leave: Special or Temporary Active Duty

Eligible employees with a spouse, son, daughter, or parent currently on or called to active duty status in the National Guard or Reserves in support of a contingency operation may use their 12 week leave entitlement to address certain qualifying exigencies. Qualifying exigencies may include attending certain military events, arranging for alternative child care, addressing certain financial and legal arrangements, attending certain counseling sessions, and attending post-deployment reintegration briefings.

FMLA also includes a special leave entitlement that permits eligible employees to take up to 26 weeks of leave to care for a covered service member during a single 12 month period. A covered service member is a current member of the Armed Forces, including a member of the National Guard or Reserves, who has a serious injury or illness incurred in the line of active duty that may render the service member medically unfit to perform his or her duties for which the service member is: undergoing medical treatment, recuperation, or therapy; in outpatient status; or on the temporary disability retired list.

Overseas Duty for Spouse: Departure and Return

No leave of absence will be granted to any employee who wishes to accompany a spouse who is in military service. However, an employee who wishes to visit his or her spouse at the port of embarkation prior to departure for military service may be granted a short leave of absence without pay if the Superintendent so recommends. The same privilege will apply when the spouse arrives from extended overseas duty. Requests should be submitted on the regular leave of absence form at least ten (10) days before the anticipated date of absence.

Annual Leave

Effective July 1, 1973, all administrative and classified employees of Norfolk Public Schools who are under an 11 or 12 month contract will be entitled to annual leave as outlined in the chart below.

Total Years of Employment in Norfolk Public Schools	Persons Employed Under 11 Month Contract	Persons Employed Under 12 Month Contract
0-5 Years	13 Days	15 Days
6-10 Years	16 Days	18 Days
11-15 Years	19 Days	21 Days
16-20 Years	22 Days	24 Days
After 20 Years	23 Days	25 Days

Employees shall be entitled to take annual leave as accumulated, but no employee shall be permitted to take annual leave in excess of the number of days accumulated. Employees may carry over no more than two years' worth of annual leave from one school year to the next. At the end of the school year, all unused annual leave beyond an employee's two-year limit will be converted to one (1) day of sick leave for every two (2) days of annual leave beyond an employee's carry over limit.

Upon retirement, an employee must take his accumulated vacation unless the employee's immediate supervisor requires the employee's services and receives written approval from the superintendent for the employee to work until leaving service. In these cases, the employee will be paid for the unused accumulated vacation.

Upon termination of employment, an employee will be paid for accumulated vacation not to exceed their two (2) year limit.

Teachers employed on a 12-month contract will have the same holidays specified in the school calendar for other classroom teachers in addition to 12 days of vacation. Vacation requests must be approved by the principal. These vacation days may not be carried over from one year to the next.

Principal's Annual Leave

If a principal takes annual leave when students are in school and suitable arrangements have been made for the proper supervision of the school, the principal may do so with the approval of the appropriate executive director. Such special arrangements should be made as far in advance as possible.

Serious Health Condition

A serious health condition is an illness, injury, impairment, or physical or mental condition that involves either an overnight stay in a medical care facility or continuing treatment by a health care provider for a condition that either prevents the employee from performing the functions of the employee's job or prevents the qualified family member from participating in school or daily activities.

Subject to certain conditions, the continuing treatment requirement may be met by:

- a period of incapacity of more than three consecutive calendar days combined with at least two visits to a health care provider or one visit and a regimen of continuing treatment;
- incapacity due to pregnancy; or
- incapacity due to a chronic condition.

Other conditions may meet the definition of continuing treatment.

Sick Leave

Personal Disability

Employees who become ill and are deemed disabled by their physician will be provided disability paperwork, and the Virginia Retirement System will be notified when applicable. If the disability paperwork is not completed and submitted within ten working days, the employee may be recommended to the School Board for separation of duties. The employee will be notified in writing of this action.

Sick Leave

Full-time employees who are not eligible for annual leave are entitled to full salary for absence because of personal illness as follows:

- 10 month: 10 days
- 11 month: 11 days (if ineligible for annual/vacation leave)
- 12 month: 12 days

Full-time employees who are eligible for annual leave are entitled to full salary for absence because of personal illness as follows:

- 11 month: 13 days
- 12 month: 15 days

If an employee is absent fewer than the total number of days of sick leave allowed during the contract year, the unused allowance may be accumulated without limit. Sick leave will be credited to each employee's account according to regulations of the superintendent.

Provisions for Administering Sick Leave

Absences in excess of accumulated sick leave will be deducted from the individual's full salary or considered leave without pay.

An employee with no accumulated sick leave who is unable to report at the beginning of the contractual period because of disability will not be put on the payroll until the employee reports. There will be no retro accumulation of leave accruals missed during the period of absence.

If payment of money due an employee under the sick leave plan is interrupted by the close of the school year and the employee is unable to resume the duties of the position with the opening of the next school year, payment will resume in the following year to complete the unpaid portion of the benefits allowed.

Medical Documentation

An employee on leave for personal illness who is drawing salary under sick leave allowance may be required to submit a certificate from a licensed medical practitioner stating that the employee is physically unable to resume employment duties. A new certificate must be submitted as often as required. Salary allowances for personal disability will be paid only while the employee is unable to resume employment and has available leave to cover the absence.

If an employee is absent because of illness for five consecutive days or for ten days in any one semester because of the same illness, the employee may be required, at the discretion of the Superintendent of Schools, to have a physical examination by a physician. Physicians selected by the superintendent will be reimbursed by the School Board; all others shall be reimbursed by the employee as approved by the superintendent.

Leave for Medical Treatment

Any employee who anticipates any medical treatment necessitating absence from employment will notify the Chief Human Resources Officer in writing within ten days of being informed that such medical treatment is required. The written notice shall state the date medical leave is requested to commence, a brief statement of the nature of the medical problem requiring treatment, the proposed date of treatment or hospitalization, the length of any absence from employment and convalescence and the extent, if any, of any anticipated disability. All notices must be subscribed by a licensed medical practitioner.

Medical leave (sick leave), up to an amount accumulated by the employee, will be granted to such employee for the time actually spent undergoing treatment or hospitalization as well as any prescribed period of convalescence. In the event accumulated leave is insufficient, the employee will be inactivated in the Department of Human Resources/Payroll system once leave is exhausted. The employee may request leave without pay, retirement, or resignation which may be granted at the discretion of the superintendent in accordance with established School Board policies and regulations.

Worker's Compensation Leave

Due to the complexity of worker's compensation cases, employees should contact the Office of Risk Management at (757) 628-3856 for assistance with relevant claims.

Additional Policies & Regulations

Teachers' Grievance Procedure: Purpose of Part Two of Grievance Procedure (Virginia Code & MLC 20-90-20)

The purpose of Part II of the Procedure for Adjusting Grievances is to provide an orderly procedure for resolving disputes concerning the application, interpretation, or violation of any of the provisions of local school board policies, rules and regulations as they affect the work of teachers, other than dismissals. An equitable solution of grievances should be secured at the most immediate administrative level. The procedure should not be construed as limiting the right of any teacher to discuss any matter of concern with any member of the school administration, nor should the procedure be construed to restrict any teacher's right to seek, or the school division administration's right to provide, review of complaints that are not included within the definition of a grievance. Nothing in this procedure shall be interpreted to limit a school board's exclusive final authority over the management and operation of the school division.

Support Staff/Classified Personnel: Discipline & Dismissal

Support (classified) personnel shall be notified of impending dismissal by their immediate superiors at least two calendar weeks (14 days) in advance of an anticipated separation date. They may be subject to immediate dismissal for just cause. They may be suspended in the same manner as any other school board employee. Support (classified) personnel who are removed from employment for just cause by the superintendent shall be ineligible thereafter for employment in any school or duty station within the school system. The superintendent shall promulgate procedures for the discipline and dismissal of support (classified) personnel.

If a current employee is suspended or dismissed because of information appearing on his/her criminal history record, the school board shall provide a copy of the information obtained from the central criminal records exchange to the employee. No support employee shall have his insurance benefits suspended or terminated because of such suspension in accordance with this policy.

Support Staff/Classified Personnel: Discipline & Dismissal Regulation

These rules have been developed as a guide in the proper performance of the duties of classified personnel to facilitate the best possible service to the Norfolk Public Schools system and its students. These rules apply to all classified personnel. All supervisors and administrators charged with discipline responsibilities of classified personnel will become familiar with these rules and with the administrative procedures for applying them. Discipline of classified personnel who work in a school is the administrative responsibility of the immediate supervisor and the principal. Discipline of classified personnel who work elsewhere is the administrative responsibility of the immediate supervisor and the director

of the concerned department. The Chief Human Resources Officer and the appropriate Human Resources Generalist have advisory roles in discipline matters and should be consulted as needed.

When off-duty, the employee is expected to conduct his or her self in such a manner that his or her actions will not adversely reflect on Norfolk Public Schools or fellow employees and will not adversely affect his or her ability to assume the full responsibility of his or her job.

It is the practice of the administrator to affect discipline as a progressive process with warnings, reprimands, and suspensions in an attempt to correct an unacceptable behavior or attitude before proceedings for discharge are initiated. Discharge proceedings are generally instituted as the last step in a sequence of events designed to give the employee a fair opportunity to meet requirements. However, discharge action may be enforced for serious first violations. It must be understood that no employee has a right or guarantee to any progressive disciplinary actions as a prerequisite to the initiation of proceedings for his/her discharge.

Administrative Procedures

Steps in the disciplinary process are:

1. **Warnings:** For minor offenses, the employee may be given a warning. Warnings are normally verbal but may be written. If this does not correct the situation within a reasonable length of time, the supervisor should then use the procedures listed below.
2. **Reprimands:** Reprimands may be verbal or written but, if given verbally, should be followed up in writing. An employee may be reprimanded by the supervisor, principal/director or any superior in the chain of authority in his or her school or department.
3. **Suspension:**
 - (a) Without Pay: Employees will not be suspended without pay prior to notifying the Chief Human Resources Officer. The decision to suspend without pay should be evaluated carefully and must be in accordance with state statutes. The suspension will be in writing and must be forwarded to the employee within three working days of the action.
 - (b) With Pay: Employees can be suspended with pay when it is in the best interest of the organization. The Chief Human Resources Officer will be notified prior to such action, and the suspension must be in writing and forwarded to the employee within three working days.
4. **Plan of Action for Support Staff/Classified Personnel:**
 - (a) A Plan of Action will be initiated when it has become apparent that the employee needs specific guidance in the execution of his or her daily work. The plan will include support mechanisms, time lines, and scheduled progress sessions to ensure the employee has every opportunity to meet the tenets of the plan.
 - (b) The plan can be executed for a period of 30 to 90 days, which is determined by

5. Discharge:

- (a) Discharge Procedure: Prior to the preparation and deliverance of any discharge paperwork, the Chief Human Resources Officer will be notified of the circumstances surrounding the discharge recommendation.
- (b) Probationary Employees: All employees newly hired, transferred to a different position, rehired after termination of their seniority, or promoted to a new position will be considered “probationary employees” until the completion of not less than fifteen (15) weeks of actual work. The discharge of any employee during this probationary period will not be subject to the grievance procedure.
- (c) Permanent Employees: Permanent employees may be discharged by the Superintendent for any behavior, conduct, or cause described in these rules, provided that, prior to such action, the employee sought to be discharged is entitled to a review of the reasons for such action.

- 6. **Review:** Requests for review will be made within seven (7) working days from the time the employee receives notification (verbal or written) of the intent to suspend or discharge. Such requests will be made to the Chief Human Resources Officer. The review will be conducted as soon as possible following the request but not later than seven (7) working days. Reviews will be conducted by the Superintendent or his authorized representative.

In the event the Superintendent denies a request for discharge, and subject to the provisions of the following paragraph, such employee may be reinstated and reimbursed for any back pay lost during such suspension and may have any record of suspension or proceedings for discharge for this event removed from his/her personnel file.

In the event the Superintendent declines to discharge an employee, he may take such lesser disciplinary action against such employee as he deems appropriate including but not limited to reprimand or suspension without pay for such period as he considers proper.

Purpose of Procedures

The purpose of these procedures is to provide classified employees of Norfolk Public Schools with a fair opportunity to change behaviors or attitudes considered by supervisors to be cause for discipline or to challenge the supervisor’s decisions regarding discipline. In this regard, the following administrative considerations are appropriate:

- The employee must be notified in a timely manner when disciplinary action is being taken. Verbal or written notice should be provided as soon as possible following the violation event and, if verbally provided, followed by written notice. Such notice will include the action taken (warning, reprimand, suspension, or discharge recommendation), specific events considered to be violations of the disciplinary rules,

Request for Review

A request for review must be made within seven (7) working days from the time an employee is notified of the intent to suspend or discharge.

expected disciplinary action if corrections are not made (except in discharge notices), and the employee's right to a review, including the seven (7) work day time limit and procedures for requesting a review. Notice in the form of a Plan of Action is appropriate for professional and paraprofessional classified employees. Notices should be hand-delivered or mailed to the employee with copies to the Superintendent, Chief Human Resources Officer, appropriate Executive Director, appropriate Human Resources Generalist, Payroll Administrator (for suspensions without pay), and the employee's supervisor. Consideration should be given to using registered mail.

- It is improper, except for unusually serious violations, to suspend an employee without pay or recommend his or her discharge without having documented at the time of each occurrence, the history of violations, warnings and reprimands which clearly show that the employee has had fair opportunity to challenge the charges or to correct the undesired behavior or attitude.
- Only the Superintendent may discharge an employee. Therefore, principals or directors who seek to have an employee discharged will request discharge in a memorandum to the Superintendent via the appropriate Executive Director with a copy to the appropriate Human Resources Generalist. This memorandum should include or attach sufficient detail to provide the Superintendent enough information upon which to base the decision (Reference: Policy GDPD-R).

Employee Searches

Norfolk Public Schools seeks to provide facilities, equipment, and materials including but not limited to desks, lockers, storage closets, and offices to facilitate the successful educational mission of the City of Norfolk School Board. Norfolk Public Schools reserves the right to search any of its facilities to investigate violations of workplace rules or to retrieve work- related material(s).

The Norfolk Public Schools workplace includes those areas and items that are related to work and within the control of the Norfolk School Board. The hallways of our structures, cafeterias, offices, desks, and file cabinets, among other areas, are all part of the Norfolk Public Schools workplace. These areas remain part of the Norfolk Public Schools workplace context even where employees are allowed to place personal items in them, such as photographs placed in or on a desk or material posted on an employee bulletin board.

Work related searches may be conducted from time to time to ensure that the school environment is safe and that students and staff devote their time and efforts toward educational achievement (Reference: Policy GE).

Performance Improvement Plan for Teachers

If a staff member is placed on a Performance Improvement Plan scheduled to continue into the following academic year or amended to extend into the following year, such staff member will not receive increased salary or wages in the ensuing year.

Upon successful completion of the Performance Improvement Plan as certified by the principal or other proper authority, the staff member will be placed immediately on the same grade and step of the salary or wage scale that he or she would have been on if there had been no Performance Improvement Plan (Reference: Policy GCBA).

Professional Development

The goal of the professional development program is to provide better learning experiences in the classroom, which result in a positive effect on student performance and attitude. This can be accomplished through the improved awareness and effectiveness of the staff. Utilizing total staff involvement, the professional development process consists of identifying the areas in which improvement is needed and establishing, implementing, evaluating, and revising programs that are designed to achieve the desired results.

Each employee in Norfolk Public Schools will engage in a minimum number of professional development opportunities annually. The number of hours required for ALL personnel is as follows:

Administrative.....	18 hours
Certificated Instructional.....	12 hours
Classified Support	9 hours

This requirement includes custodial, maintenance, food service, warehouse, transportation, clerical, and teacher assistant members.

When employees are required to participate in professional development activities that extend beyond the duty day, they will be awarded appropriate additional compensation. It will be the responsibility of each building or department administrator to provide an ongoing assessment of the professional development opportunities in accordance with identified needs.

Each employee will be responsible for maintaining accurate documentation of participation in professional development opportunities.

Employees will collaborate with their assigned administrators on the selection of professional development activities to meet the annual participation requirements (Reference: Policy GCL & Regulation GCL-R).

Tobacco-Free School for Staff

No persons (students, staff, contractors, visitors) are permitted to use or distribute any tobacco product at any time including non-school hours, in school property, on school premises, and at school-sponsored activities away from school grounds.

For purposes of this policy:

1. "School property" means:
 - a. in any building, structure, or vehicle owned, leased, or contracted by the division, both on- and off-site
 - b. in any property surrounding buildings and structures, athletic grounds, parking lots, or any other outdoor property owned, leased, or contracted by the division, both on- and off-site
2. "Tobacco Product" includes cigarettes, cigars, blunts, bidis, pipe tobacco, snuff, chewing tobacco, electronic smoking devices, and any other products containing nicotine, as well as any component or accessory used in the consumption of a tobacco product, such as filters, rolling papers, pipes, and liquids used in electronic smoking devices, whether or not they contain nicotine.
3. "Tobacco Use" includes smoking, chewing, dipping, electronic smoking device use, or any other use of tobacco products.

Appropriate signage will be posted in buildings and on school property in a manner and location that adequately informs students, staff, and visitors of the policy, including at entrances to school buildings and athletic events.

Staff found to be in violation of this policy shall be subject to appropriate disciplinary action.

Lawful possession or use of a tobacco-cessation product approved by the United States Food and Drug Administration shall be permitted by staff as well as permitted by students following division policies for student self-administration of medications.

Unlawful or Improper Manufacture, Distribution, Dispensing, Possession, or Use of Prescribed Medications, Alcohol, Drugs, or Other Controlled Substances

This regulation provides guidelines governing: (1) the detection and deterrence of the unlawful or improper, manufacture, distribution, dispensation, possession, or use of prescribed medications, alcohol, drugs, or other controlled substances; and (2) the disciplining of employees found in violation of this regulation and its authorizing policy. The unlawful or improper manufacture of these items by employees is prohibited in or on property owned by Norfolk Public Schools, including but not limited to real estate and vehicles, and at any school-related activities, including school-sponsored trips, regardless of where they occur. **Any employee who violates this prohibition will be subject to disciplinary action, up to and including termination, and/or will be required to satisfactorily participate in a drug abuse assistance or rehabilitation program at the discretion of the administration.**

Employees Not Subject to the Provisions of the Federal Omnibus Transportation Employee Act of 1991:

1. **Drugs to be tested for:** When drug and alcohol screening is required under the provisions of this regulation, a urinalysis, blood test, or evidential breath test, in the case of alcohol, will be given to detect the presence of various drugs or substances, including, but not limited to the following:
 - (a) Alcohol (ethyl)
 - (b) Amphetamines
 - (c) Anabolic steroids, androgenic steroids, and/or any other controlled substance used to enhance physical development and/or athletic performance
 - (d) Barbiturates (e.g. Amobarbital, Butabarbital, Phenobarbital, Secobarbital)
 - (e) Methaqualone (e.g. Quaalude)
 - (f) Opiates (e.g. Codeine, Heroin, Morphine, Hydromorphone, Hydrocodone)
 - (g) Phencyclidine (PCP)
 - (h) THC (Marijuana)

Drug Policy Violation

Any employee violating the drug policy is subject to disciplinary action up to and including termination and/or may be required to participate in a drug abuse assistance program.

Required Notification

Use of prescription medication is not a violation necessarily, but an employee must notify his or her supervisor if he or she is using a drug which may interfere with the safe and effective performance of duties.

While use of medically prescribed medications and drugs is not, necessarily, a violation of this regulation, failure by the employee to notify his or her supervisor, before beginning work, when taking medications or drugs which may interfere with the safe and effective performance of duties or operation of Norfolk Public Schools' equipment, can result in discipline, up to and including termination. In the event there is a question regarding an employee's ability to safely and effectively perform assigned duties while using such medications or drugs, the issue will be resolved based upon competent medical evaluation.

2. **Job Applicant Testing:** All applicants, upon receiving a conditional offer of full-time employment, will be required to undergo and pass a drug test prior to receiving their final appointment. Additionally, all applicants for the following types of positions will be required to undergo and pass a drug and alcohol test upon receiving a conditional offer of employment. This must be accomplished before applicants receive final appointments.

(a) All positions whose work involves the operation of a Norfolk Public Schools vehicle or vehicular equipment on more than an occasional or intermittent basis (covered in Section B).

(b) All positions whose work involves hazardous or potentially hazardous functions or requires the use of hazardous or potentially hazardous equipment.

Specific positions meeting the aforementioned criteria will be determined by the Chief Human Resources Officer based upon all position information, including, at the discretion of the senior director, consultation with the appropriate director.

3. **Current Employee Testing:** The school administration may require a current school employee to undergo drug and alcohol testing if there is reasonable suspicion that the employee is under the influence of drugs or alcohol during work hours.

Reasonable Suspicion: The phrase "reasonable suspicion" refers to circumstances that would lead a reasonable person to conclude that the suspected employee may be under the influence of alcohol, improperly used prescription medication, drug(s), or some other controlled substance. Reasonable suspicion does not require certainty or great probability. The determination of reasonable suspicion must be based on specific, articulable facts or circumstances concerning the state of the employee, including but not limited to, his or her appearance, behavior, speech, or odor. Observations supporting a finding of reasonable suspicion may include but are not limited to any one of the following:

-
- (a) a pattern of abnormal or erratic behavior (e.g. hyperactivity, unexplained mood swings, paranoia, hallucinations)
 - (b) information provided by a reliable and credible source
 - (c) a work-related accident
 - (d) direct observation of drug or alcohol use
 - (e) possession of alcohol, drugs, or drug paraphernalia
 - (f) presence of the physical symptoms of drug or alcohol use (e.g. glassy or bloodshot eyes, alcohol odor on breath, slurred speech, poor coordination and/or reflexes, needle marks/scar tracks on arms, onset of unusual perspiration or shakes, unusual drowsiness, or sluggishness)

4. **Supervisors:** Supervisors at every level are responsible for observing and monitoring their employees' behavior for signs or symptoms of drug or alcohol use and will promptly report any such observations to the appropriate department head or designee. The administration will designate a sufficient number of supervisory officials with approval authority so that one will be available to subordinate supervisors at all times.

Supervisors will document in writing the specific facts, symptoms, or observations justifying a determination of reasonable suspicion as soon as reasonably practicable, which may be either just before or just after the testing occurs.

Detailed procedures are to be developed and promulgated regarding the transportation of employees and/or applicants for testing and the authority of supervisors over employees with respect to transportation and test administration.

5. **Supervisor Training:** The school administration will develop a program of training to assist supervisory personnel in identifying drug and alcohol use among employees.
6. **Prior Notice of Testing Regulation:** The school administration will provide written notice of this drug and alcohol testing regulation to all employees and job applicants.
7. **Consent:** Consent is not necessary due to Norfolk Public Schools' notice to all NPS Employees informing them of being a "Drug-Free Workplace."
8. **Refusal to Test (Applicants):** A job applicant who refuses a requested drug and/or alcohol test will be denied employment with Norfolk Public Schools. Any refusal or failure to cooperate fully with administration of a test, any behavior which makes testing more difficult or prevents administration from completing the test, or any manner altering or attempting to alter the test result will be treated as a refusal to consent, regardless of whether a consent form is signed.

9. Refusal to Test (Employees): Any employee who refuses a requested drug and alcohol test when reasonable suspicion of drug or alcohol use has been identified is subject to disciplinary action up to and including termination. Any refusal or failure to cooperate fully with the administration of a test, any behavior which makes testing more difficult or prevents administration from completing the test, or in any manner altering or attempting to alter the test result will be treated as a refusal to consent, regardless of whether a consent form is signed.

10. Confirmation of Test Results and Employee/Applicant Notification: An employee or job applicant whose drug test yields a positive screening will be given a second test using a gas chromatography/mass spectrometry (G/MS) test. The second test will use a portion of the same test sample withdrawn from the employee or applicant for use in the first test.

If the second test confirms the positive test result, the employee or applicant will be notified of the results in writing by the appropriate department head or designee. The letter of notification will identify the particular substance found and its concentration level.

A portion of the test sample will be retained for six (6) months and will be furnished to a reputable testing facility selected by an employee or applicant upon request for a third test at the sole expense of the employee or applicant.

11. Consequences of a Confirmed Positive Test Result

Applicant: Job applicants will be denied employment with the school system if their initial positive test results are confirmed. Applicants will be informed in writing if they are rejected on the basis of a confirmed positive test result.

Employees: If an employee's positive test result is confirmed, the employee is subject to disciplinary action up to and including termination. Factors which may be considered in determining the appropriate disciplinary response include the employee's job classification, work history, length of employment, current job performance, the existence of past disciplinary actions, and the employee's action in voluntarily identifying himself or herself as a drug user or alcohol abuser and obtaining counseling and rehabilitation.

12. Disciplinary Actions: If an employee's positive test result has been confirmed and disciplinary action is taken, the employee may grieve or complain of such action through the School Board's established appeals process for classified and administrative employees.

-
- 13. Confidentiality of Test Results:** All information from an employee's or applicant's drug and alcohol test is confidential and only those with a need to know are informed of test results. Disclosure of test results to any other person, agency, or organization is prohibited unless written authorization is obtained from the employee or applicant. The results of a positive drug test will not be released until the results are confirmed. The records of unconfirmed positive test results and negative test results will be destroyed by the testing laboratory. Disclosures without an employee's or applicant's consent may also occur when: (a) the information is compelled by law or by judicial or administrative process; (b) the information has been placed at issue in a formal dispute between the employer and employee or applicant; (c) the information is to be used in administering an employee benefit plan; and/or (d) the information is needed by medical personnel for the diagnosis or treatment of the individual who is unable to authorize disclosure.
- 14. Laboratory Testing Requirements:** All drug and alcohol testing of employees and applicants will be conducted at medical facilities or laboratories selected by the school administration, with the exception of alcohol testing by the use of a breathalyzer, which may be conducted by qualified personnel at any site designated by the school administration. All procedures for the testing, analysis, labeling, handling, retention, and storage will be in accordance with standards established by the Substance Abuse and Mental Health Services Administration (SAMHSA).
- 15. Searches:** The school administration reserves the right to search, without employee consent, all areas and property over which the school system maintains joint or full control with an employee. **Employees have no privacy interest in such areas.** Such areas and property include but are not limited to desks, closets, bookcases, lockers, file cabinets, and/or school vehicles, and the allowance of employee security measures against third parties will not divest the school administration of its authority to search. Warrants will be obtained, if necessary, to search areas or property over which the school administration has no control. A department head or designee must consult with the Chief Human Resources Officer or designee before any search is undertaken.
- 16. Educational Programs:** The school administration will establish a drug-free awareness program to inform employees about the dangers of drug abuse, the School Board's policy, any available drug counseling, rehabilitation and employee assistance programs, and the penalties which may be imposed upon employees for drug abuse violations in the workplace and elsewhere.
- 17. Severability:** The provisions of this regulation are severable, and if any of its provisions will be held unconstitutional or otherwise invalid by any court of competent jurisdiction, the decision of such court will not affect or impair any of the remaining provisions.

Employees Subject to the Provisions of the Federal Omnibus Transportation Employee Act of 1991

- 1. Alcohol Testing:** The act requires breath testing using evidential breath testing devices (EBT) approved by the National Highway Traffic Safety Administration (NHTSA). Two breath tests are required to determine if a person has a prohibited alcohol concentration. A screening test is conducted first. Any result less than 0.02 alcohol concentration is considered a negative test. If the alcohol concentration is 0.02 or greater, a second or confirmation test must be conducted. The employee and the individual conducting the breath test (called a breath alcohol technician or BAT) complete the alcohol testing form to ensure that the results are properly recorded. The confirmation test, if required, must be conducted using an EBT that prints out the results, date and time, a unique test number, and the name and serial number of the EBT to ensure the reliability of the results.
- 2. Drug Testing:** Drug testing is conducted by analyzing an employee's urine specimen. The analysis is performed at laboratories certified and monitored by the Department of Health and Human Services (DHHS). The employee provides a urine specimen in a location that affords privacy and the collector seals and labels the specimen, completes a chain of custody document, and prepares the specimen and accompanying paperwork for shipment to a drug-testing laboratory.

The specimen collection procedures and chain of custody ensure the specimen's security, proper identification, and integrity are not compromised. Each urine specimen is subdivided into two bottles labeled as a "primary" and a "split" specimen. Both bottles are sent to a laboratory.

Only the primary specimen is opened and used for the urinalysis. The split specimen bottle remains sealed and is stored at the laboratory. If the analysis of the primary specimen confirms the presence of an illegal, controlled substance, the employee has seventy-two (72) hours to request the split specimen be sent to another DHHS certified laboratory for analysis. This split specimen procedure essentially provides the employee with an opportunity for a second opinion.

All drug test results are reviewed and interpreted by a physician or Medical Review Officer (MRO) before they are reported to the employer. If the laboratory reports a positive result to the MRO, the MRO contacts the employee (in person or by telephone) and conducts an interview to determine if there is an alternative medical explanation for the drugs found in the employee's urine specimen.

3. The following tests are required:

- (a) Pre-employment: Conducted before applicants are hired or after an offer to hire but before actually performing safety-sensitive functions for the first time. Also, it is required when employees transfer to a safety sensitive position.
- (b) Post-accident: Conducted after accidents on employees whose performance could have contributed to the accident.
- (c) Reasonable Suspicion: Conducted when a trained supervisor observes behavior or appearance that is characteristic of alcohol misuse or substance abuse. Reasonable suspicion must be based on specific, articulable, contemporaneous observations concerning the appearance, behavior, speech, or body odors of the individual. These observations may include but are not limited to:
 - (1) A pattern of abnormal or erratic behavior (e.g. hyperactivity, explained mood swings, paranoia, hallucinations)
 - (2) Information provided by a reliable and credible source
 - (3) A work-related accident
 - (4) Direct observation of drug or alcohol use
 - (5) Possession of drugs or drug paraphernalia
 - (6) Presence of the physical symptoms of drug or alcohol use (e.g. glassy or bloodshot eyes, alcohol odor on breath, slurred speech, poor coordination and/or reflexes, needle marks/scar tracks on arms onset or unusual perspiration or shakes, unusual drowsiness, or sluggishness)
- (d) Random: Conducted on a random, unannounced basis before, during, or after performance of safety-sensitive functions.
- (e) Return-to-duty and follow-up: Conducted when an individual who has violated the prohibited alcohol conduct standards returns to performing safety-sensitive duties. Follow-up tests are unannounced and at least six (6) tests must be conducted in the first twelve (12) months after an employee returns to duty. Follow-up testing may be extended for up to sixty (60) months following return to duty.

4. Pre-employment Tests: Tests will be conducted before the first time a driver performs any safety-sensitive function for the school district after receiving his or her CDL instructional permit but prior to driving with trainer. Safety-sensitive functions include all on-duty functions performed from the time a driver begins work or is required to be ready to work until he or she is relieved from work and all responsibility for performing work. It includes: driving; waiting to be dispatched; inspecting and servicing equipment; supervising, performing, or assisting in loading and unloading; repairing or obtaining and waiting for help with a disabled vehicle; performing driver requirements related to accidents; performing any other work for the district or paid work for any other entity.

Exceptions may be made for drivers who had the alcohol test required by law within the previous six months and participated in the drug testing program required by law within the previous thirty (30) days, provided that the district has been able to make all verifications required by law.

-
- 5. Post-Accident Tests:** Alcohol and controlled substance tests will be conducted as soon after an accident as practicable on any driver:
- (a) who was performing safety-sensitive functions with respect to the vehicle, if the accident involved loss of human life; or
 - (b) who receives a citation under state or local law for a moving traffic violation arising from the accident, and one or more persons required medical attention away from the scene, or reasonable suspicion exists that the driver was under the influence of alcohol or drugs.

Drivers will make themselves readily available for testing, unless there is need for immediate medical attention.

No such driver will use alcohol for eight hours after the accident or until after he or she undergoes a post-alcohol test, whichever occurs first.

If an alcohol test is not administered within two hours or if a drug test is not administered within 31 hours, the school district will prepare and maintain records explaining why the test was not conducted. Tests will not be given if not administered within eight hours after the accident for alcohol or within 32 hours for drugs.

Tests conducted by authorized federal, state, or local officials will fulfill post-accident testing requirements, provided they conform to applicable legal requirements and are obtained by the school district. A breath test will validate only the alcohol test and cannot be used to fulfill controlled substance testing obligations.

- 6. Reasonable Suspicion Tests:** Tests will be conducted when a supervisor or district official trained in accordance with the law has reasonable suspicion that the driver has violated the school district's alcohol or drugs prohibitions. As stated earlier in this regulation, reasonable suspicion must be based on specific, contemporaneous, articulable observations concerning the driver's appearance, behavior, speech, or body odor. The observations may include indications of the chronic and withdrawal effects of controlled substances.

Alcohol tests are authorized for reasonable suspicion only if the required observations are made during, just before, or just after the period of the work day when the driver must comply with alcohol prohibitions. An alcohol test may not be conducted by the person who determines that reasonable suspicion exists to conduct such a test. If an alcohol test is not administered within two hours of a determination of reasonable suspicion, the district will prepare and maintain a record explaining why this was not done. Attempts to conduct an alcohol test will terminate after eight hours.

A supervisor or district official who makes observations leading to a controlled substance reasonable suspicion test will make a written record of his or her observations within 24 hours of the observed behavior or before the results of the drug test are released, whichever is earlier.

Supervisors designated to determine whether reasonable suspicion exists to require an individual to undergo testing will receive 60 minutes of training on alcohol misuse and receive an additional 60 minutes on controlled substances use. The training will cover the physical, behavioral, speech, and performance indicators of probable alcohol misuse and use of controlled substances.

7. **Random Tests:** Tests will be conducted on a random basis at unannounced times throughout the year. Tests for alcohol will be conducted just before, during, or just after the performance of safety-sensitive functions. Initially, the number of random alcohol tests annually must equal 10% of the average number of drivers. For drugs, 50% of the average number of drivers will be performed. Drivers will be selected by a scientifically valid random process, and each driver will have an equal chance of being tested each time selections are made.
8. **Follow-up Test:** A driver who violates the school district's drug or alcohol prohibition and is subsequently identified by a substance abuse professional as needing assistance in resolving a drug or alcohol problem will be subject to unannounced follow-up testing as directed by the substance abuse professional, in accordance with the law. Follow-up alcohol testing will be conducted just before, during, or just after the time when the driver is performing safety-sensitive functions.

An employee identified as needing help in resolving a drug or alcohol problem will be evaluated by a substance abuse professional to determine that he or she has properly followed the prescribed rehabilitation program and will be subject to unannounced follow-up tests after returning to duty. The cost for all such follow-up tests will be borne solely by the employee.

9. **Return to Duty Tests:** A drug or alcohol test will be conducted when a driver who has violated the school district's drug or alcohol prohibition returns to performing safety-sensitive duties.

Employees whose conduct involved drugs cannot return to duty in a safety-sensitive function until the return-to-duty drug test produces a verified negative result. The cost for all return-to-duty exams will be borne solely by the employee.

Any costs incurred are the sole responsibility of the employee.

- 11. Records:** Employee drug and alcohol test results and records will be maintained under strict confidentiality and released only in accordance with law. Upon written request, a driver will receive copies of any records pertaining to his or her use of drugs or alcohol, including any records pertaining to his or her drug or alcohol tests. Records will be made available to a subsequent employer or other identified persons only as expressly requested in writing by the driver.

- 12. Notifications:** Each driver will receive educational materials that explain the requirements of the Code of Federal Regulations, Title 49, Part 382, together with a copy of the school district's policy and regulations for meeting these requirements. Representatives of employee organizations will be notified of the availability of this information. The information will identify:

 - (k) information concerning the effects of drugs and alcohol on an individual's health, work and personal life, signs and symptoms of a drug or alcohol problem (the driver's or a coworker's), and available methods of intervening when a drug or alcohol problem is suspected, including confrontation, referral to an employee assistance program and/or referral to management.

Drivers will also receive information about legal requirements, school district policies, and disciplinary consequences related to the use of alcohol and drugs.

Each driver will sign a statement certifying that he or she has received a copy of the above materials.

Before any driver operates a commercial motor vehicle, the school district will provide him or her with post-accident procedures that will make it possible to comply with post-accident testing requirements.

Before drug and alcohol tests are performed, the school district will inform drivers that the tests are given pursuant to the Code of Federal Regulations, Title 49, Part 382. This notice will be provided only after the compliance date specified in the law.

The school district will notify a driver of the results of a pre-employment drug test if the driver request such results within 60 calendar days of being notified of the disposition of his or her employment application.

The school district will notify a driver of the results of random, reasonable suspicion, and post-accident drug tests if the test results are verified positive. The school district will also tell the driver which controlled substances were verified as positive.

Drivers will inform their supervisors if at any time they are using a controlled substance which their physician has prescribed for therapeutic purposes. Such a substance may be used only if the physician has advised the driver that it will not adversely affect his or her ability to safely operate a commercial motor vehicle (Reference: Policy GBEAZ-R, revised October 2005).

Applicants for Employment

Criminal Convictions

As a condition of employment for all of its employees, whether full-time or part-time, permanent, or temporary, the Norfolk School Board shall require on its application for employment certification of whether the applicant has been convicted of any violent felony set forth in the definition of barrier crime in subsection A of Va. Code § 19.2-392.02; any offense involving the sexual molestation, physical or sexual abuse or rape of a child; or any crime of moral turpitude.

The School Board does not employ any individual who has been convicted of any violent felony set forth in the definition of barrier crime in subsection A of Va. Code §19.2-392.02 or any offense involving the sexual molestation, physical or sexual abuse, or rape of a child.

The School Board shall take reasonable steps to determine whether the applicant was the subject of a founded complaint of child abuse and neglect in the relevant state. The Department of Social Services shall maintain a database of central child abuse and neglect registries in other states that provide access to out-of-state school boards for use by local school boards. The applicant may be required to pay the cost of any search conducted pursuant to this subsection at the discretion of the School Board. From such funds as may be available for this purpose, however, the School Board may pay for the search.

If the information obtained pursuant to the preceding paragraph indicates that the applicant is the subject of a founded case of child abuse and neglect, such applicant shall be denied employment, or the employment shall be rescinded.

Dress Standard for Employees

The Norfolk Public School Board recognizes its employees as highly skilled professionals who have a unique role in the community as they interact with students, parents, and the community at large. Employees have a tremendous opportunity to set the tone and establish an environment which encourages learning and fosters respect for everyone. Employees are role models not only in their words and actions but also in their dress. The dress standard defines consistent parameters of employee dress and provides a basis for determining appropriateness in order to maintain dignity and garner respect from the students and the community.

The manner and dress of employees will be business or business casual. Business casual means dressing professionally while looking relaxed. Responsibility for acceptable dress rests primarily with the employee. However, administrators and supervisors will require acceptable dress on the part of all employees. The guidelines are applicable to all full-time and part-time employees as well as substitute employees, student teachers, college interns, and aides. Food service, school nurses, maintenance, custodial, and transportation personnel are expected to dress according to the guidelines established by their supervisors.

There may be some special circumstances that permit the relaxation of the dress standard. Employees will dress appropriately for the activity of the moment. Some examples include but are not limited to: physical education teachers when teaching the physical education portion of the curriculum, art or other teachers when working with messy materials, teachers working in laboratory classes or shops with dangerous equipment or materials, spirit days, or other days for special occasions, field days, and field trips.

The following are examples of appropriate business casual attire from which the employee may choose:

Male Employees	Female Employees	All Employees
Suits/dress slacks Sport coat or blazer Sweaters/turtlenecks Dress shirt & tie Khaki slacks Collared polo shirt Shoes and socks/walking shoes	Dresses/skirts Blouses Sweaters/turtlenecks Suits (pants/skirt/dresses) Slacks/capris Khaki slacks Shoes/walking shoes Denim skirts/dresses	Head covers and clothing that are required for religious purposes or to honor cultural traditions Special clothing/shoes for medical reasons

The following are examples of inappropriate attire:

Shorts; miniskirts; mini skorts; tops with thin straps unless covered by another top; tight fitting clothing; see-through, low cut, or revealing clothing; unkempt or torn clothing; jeans; overalls; tee shirts; leggings; sweatpants and athletic clothing; and rubber/plastic shoes/flip flops.

Dress Code Standard

Administrators, at their discretion, may suspend portions of the dress standards and allow staff to wear attire that they deem appropriate for specific activities and/or events.

Tattoos and visible body piercing decorations must be covered.

Administrators, at their discretion, may suspend portions of the dress standard and allow staff to wear attire that they deem appropriate for specific activities and/or events.

If the clothing fails to meet these standards as determined by the employee's supervisor and Human Resources staff, the employee will be asked not to wear the inappropriate item to work again. If the problem persists, the employee may be sent home to change clothes and will receive a verbal warning for the first offense. Progressive disciplinary action will be applied if the dress standard violations continue.

No dress standard can cover all contingencies, so employees must exert a certain amount of judgment in their choice of work clothes. If an employee experiences uncertainty, he or she should consult his or her immediate supervisor (Reference: Regulation GGZZ-R).

Employee Use of Text Messaging

This policy establishes procedures for the employees of the School Board of the City of Norfolk (Board) who use mobile phones for text messaging for official Board and division business. If an employee receives or sends any text message related to their conduct of Board and division business, all such received or sent text messages will be forwarded by the employee to their Board email account, where they can be preserved in accordance with the Freedom of Information Act and Public Records Act.

Federal or State law may govern the matters addressed in this policy. In the event of a conflict between the relevant Federal or State law and this policy, the governing Federal or State law will control. Any mobile phone that is used to conduct Board and division business may be subject to the FOIA and the Public Records Act and could also be subject to judicial discovery, HIPAA regulations, Criminal Justice Information Services Security Policy, or any other applicable policy or regulation.

All employees are responsible for reading, understanding, and complying with this policy.

Employees who use Board provided mobile phones for Board and division business have no expectation of privacy or confidentiality in any information or communications created or

stored on the Board's electronic data resources. Unless exempted by law, regulation, or protected as attorney-client privileged communications, all data and communications stored, transmitted, or printed, is subject to review and audit at any time.

Personal mobile phone use refers to any mobile phone used for Board and division business not procured by the School Board. The following applies when using a personal mobile phone for text messaging in the conduct of Board and division business:

Employees are prohibited from using personal mobile phones for text messaging in relation to Board and division business unless authorized in writing by the Superintendent with a business justification. Personal mobile phones approved for use in text messaging for Board and division business are subject to the same privacy and confidentiality requirements as Board provided phones. There is no expectation of privacy when using a personal mobile phone for Board and division business.

Employees using personal mobile phones for text messaging for Board and division business must meet the same standards as for phones provided by the Board, including but not limited to, records retention. Employees are responsible for completing the proper request forms and submitting those requests to the Superintendent before using personal mobile phones for text messaging for Board and division business, and for taking action to ensure proper retention of messages which may be public records.

The Norfolk School Board does not require current or prospective employees to disclose the username or password to the employee's personal social media accounts or to add an employee, supervisor or administrator to the list of contacts associated with the employee's personal social media account.

If the School Board or a School Board employee inadvertently receives an employee's username and password to, or other login information associated with, the employee's personal social media account through the use of an electronic device provided to the employee by the School Board or a program that monitors the School Board's network, the Board will not be liable for having the information but will not use the information to gain access to the employee's social media account.

This policy does not prohibit the School Board and its agents from viewing information about a current or prospective employee that is publicly available.

This policy does not prohibit the School Board from requesting an employee to disclose the to a formal investigation or related proceeding by the Board of allegations of an employee's violation of federal, state or local laws or regulations or of the Board's written policies.

If the Board exercises its rights under this paragraph, the employee's username and password will only be used for the purpose of the formal investigation or a related proceeding. (Reference: Policy GAD)

Appendix B: Pay Deductions

Circumstances in which the Employer May Make Deductions from Pay

Deductions from pay are permissible when an exempt employee is absent from work for one or more full days for personal reasons other than sickness or disability; for absences of one or more full days due to sickness or disability if the deduction is made in accordance with a bona fide plan, policy or practice of providing compensation for salary lost due to illness; to offset amounts employees receive as jury or witness fees, or for military pay; or for unpaid disciplinary suspensions of one or more full days imposed in good faith for workplace conduct rule infractions (see Company Policy on penalties for workplace conduct rule infractions). Also, an employer is not required to pay the full salary in the initial or terminal week of employment, for penalties imposed in good faith for infractions of safety rules of major significance, or for weeks in which an exempt employee takes unpaid leave under the Family and Medical Leave Act. In these circumstances, either partial day or full day deductions may be made.

Company Policy

It is our policy to comply with the salary basis requirements of the FLSA. Therefore, we will prohibit all company managers from making improper deductions from the salaries of exempt employees. We want employees to be aware of this policy and that the company does not allow deductions that violate the FLSA.

What to Do If An Improper Deduction Occurs

If you believe that an improper deduction has been made to your salary, you should immediately report this information to your direct supervisor.

Reports of improper deductions will be promptly investigated. If it is determined that an improper deduction has occurred, you will be promptly reimbursed for any improper deduction made.

FMLA Definition of "Son" or "Daughter"

A son or daughter is defined as a biological, adopted, foster, or stepchild, a legal ward, or a child of a person standing *in loco parentis*. The definition of son or daughter is limited to children under the age of 18 or 18 years of age or older and incapable of self-care because of a mental or physical disability. The FMLA military leave provisions have specific definitions of son or daughter that are unique to those provisions.

Appendix E: FMLA Guidelines for Military Families and Veterans

The National Defense Authorization Act (NDAA) amends the Family and Medical Leave Act of 1993 (FMLA) to permit a “spouse, son, daughter, parent, or next of kin” to take up to 26 work weeks of leave to care for a “member or veteran of the Armed Forces, including a member of the National Guard or Reserves who is undergoing medical treatment, recuperation, or therapy, is otherwise in outpatient status, or is otherwise on the temporary disability retired list, for a serious injury or illness.”

An employee can also take up to 12 work weeks of unpaid leave in the event of a “qualified exigency.” A qualified exigency arises when the employee’s spouse, child, or parent is in the Armed Forces and is deployed to a foreign country. Qualifying exigencies include leave to address issues surrounding short-notice deployment, military events and related activities, childcare and related activities, financial and legal activities, counseling, rest and recuperation, and post-deployment activities.

Appendix F:

Nonschool Employment

The Norfolk Public Schools does not prohibit its employees from engaging in gainful supplemental employment, provided that such employment does not adversely affect their performance of their work for the school system; create an actual, potential, or apparent conflict of interest with their work for the school system; or reflect discredit or potential discredit upon the school system.

If the Superintendent determines that an employee's supplemental employment violates this standard, he shall require that the employee terminate his outside employment.

Appendix G:

Sick Leave Donation

Sick Leave Donation

1. An employee who wants donated leave must submit a written request to the Chief Human Resources Officer. The request must include the reason why donated leave is requested and the approximate duration of the employee's absence. A doctor's certificate verifying this information should accompany the request.
2. An employee to whom sick leave is donated must have used all available leave, including annual or personal leave and leave resulting from membership in the sick leave bank. If the employee is not a member of the sick leave bank or is ineligible to use the sick leave bank, the following provisions of the sick leave bank shall apply.
 - a. Transferred leave may not be used to cover the 30 consecutive calendar days or 20 duty days in a 35 calendar day period as defined in the sick-leave bank.
 - b. Transferred leave may not be used to cover the 45 days per year that would otherwise be available from the sick-leave bank.
 - c. Transferred leave may only be used for personal illness.
3. If the employee's request is approved, the Department of Human Resources will send sick leave donation authorization forms to the employee's principal or supervisor to coordinate the donations. Completed forms must be returned to the Department of Human Resources.
4. No employee may donate more than 5 days of earned sick leave to a single employee during a fiscal year.
5. Once the employee returns to work, unused donated leave will be distributed on a prorated basis among all donors. Employees may not save unused donated leave for follow-up checkups or subsequent absences.
6. Donated days may be used only for contracted workdays.
