

Thank you for downloading Hearing Aid Self-Advocacy Booklet

This self-advocacy booklet is a good way to introduce self advocacy to your deaf and hard of hearing students. This basic story introduces hearing aids, the FM, how to request muting the FM, and what to do if your battery dies. Use any or all of the pages that apply to your students.

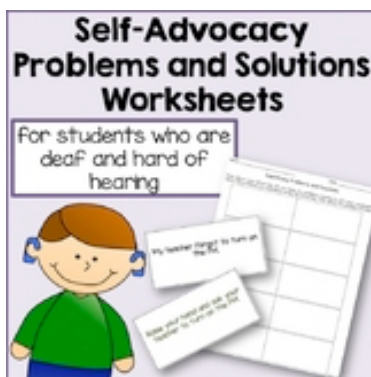

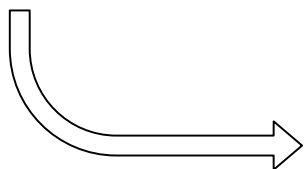

This story is in black and white for easy printing. Students can color it in and copies can be sent home as well!

I hope you find this product useful!
