Join Us in Supporting United Way!

We are excited to announce the launch of our annual United Way campaign, beginning today, Monday, October 11th.

United Way exists to solve problems. Big ones like poverty, homelessness, financial instability, low graduation rates – and recently, the local impacts of a global pandemic. They work with partners to create solutions that harness each other's strengths while reducing overlap. Then they collect resources, acting as a sort of "community chest," investing them where they are needed most. And they only invest in initiatives they've vetted to ensure the funds are used well. All of this means they can accomplish more than a single organization could do alone. In short, they LIVE UNITED for our community to create real, lasting change. I invite you to join us, and together we can build a brighter future for families, children, and veterans in the 757.

Our campaign ends on Friday, October 29th. Please refer to the attached flyer for additional information.
